

Sri Yokesh Shanmugamurthy

Senior Product Designer

Summary

Senior Product Designer with 8+ years of experience designing enterprise SaaS products and complex data-driven workflows. Experienced in leading end-to-end product design, shaping product strategy, and building scalable design systems. Currently focused on Data Governance, AI-assisted experiences, and complex enterprise workflows at Precisely.

Experience

Senior UX Designer | 03/2021 – Present

Precisely, Ireland

Lead product design for enterprise B2B SaaS products across Data Catalog and Data Governance, helping data analysts and governance teams discover, understand, and manage complex data assets. Design complex governance and data discovery workflows in close collaboration with Product Managers and Engineers.

Lead end-to-end product design from discovery and user research through interaction design, prototyping, validation, and implementation. Contribute to the design system and design AI-assisted experiences that simplify governance workflows and surface actionable insights for users.

User Interface Designer | 12/2016 – 07/2018

Stradegi Solutions, India

Designed user interfaces for fintech solutions, focusing on clarity, usability, and seamless user experiences. Collaborated closely with product managers and developers to deliver polished, responsive applications tailored for financial users. Enhanced user engagement and satisfaction through iterative design improvements based on user feedback.

Education

User Experience Nanodegree | 02/2020 – 04/2020
